

# **AIRPORT CHARGES 2023**

Twente Airport, operator of the designated area of Twente Airport (aerodrome) hereby decides, as of 1 January 2023, to apply the following rates for the use by aircraft of the designated area of Twente Airport:

# Article 1 Definitions

For the purposes of these airport charges is understood by:

A)	aircraft	a power-driven heavier-than-air aircraft;
B)	glider	a non-power-driven heavier-than-air aircraft, deriving lift in flight from aerodynamic reactions on surfaces which remain fixed in position under given conditions of flight;
C)	helicopter	a power-driven rotary-wing aircraft supported in flight by reactions of the air on one or more rotors;
D)	motor glider	a fixed-wing aircraft capable of sustained soaring flight without power from a means of propulsion;
E)	free balloon	a lighter-than-air aircraft that is not power-driven and not attached to the ground by an anchor cable or line;
F)	weight	the certified maximum take-off weight of the aeroplane, as evidenced by the certificate of airworthiness accompanying the aeroplane;
G)	noise categories	the division of aircraft into eight noise categories as per the Lden (Level day- evening-night);
H)	surface the product	of the largest length and width (in m²) of the aircraft in airworthy condition, or in a condition in which the wings or rotors have been folded;
I)	day	a time-period of 24 hours, counted from the time an aircraft lands on the aerodrome;
J)	cross-country / point-	·
K)	circular flight	a flight at the end of which the aircraft lands at the same aerodrome as the one from which it took off, without having made an intermediate landing at another aerodrome;
L) M) N) O) P)	parachute flight parking operator aerodrome passenger	a flight for the purpose of practising parachuting; the stay of an aircraft in the open air at the aerodrome; Technology Base (TB) the aerodrome as designated by the Province of Overijssel occupant of an aircraft, not a member of the flight crew

# Article 2 Nature of the Levy

In accordance with these provisions, charges are levied for the use by aircraft of the aerodrome known as "airport charges".

#### Article 3 Payment Obligation

The owner of an aircraft, its user or anyone acting on behalf of the owner or the user shall be liable for payment.

#### Article 4 Method of Levy and Time of Payment

- Payment of the landing charge is due immediately the aircraft has landed. Other fees and charges are due as soon as use of the airport has ended.
- 2 Contrary to the provisions of paragraph 1, at the discretion of the airport manager or his representative, permission may be granted to eligible natural or legal persons to pay the charges due after receipt of an invoice drawn up for this purpose. In such a case, conditions set or to be set by the operator shall apply.

# Article 5 Landing and Take-off Charges

- 1 Landing and take-off charges are levied for aircraft landing at and taking off from the aerodrome, the amount of which is determined by the following factors:
  - 1. the weight of the aircraft (hereinafter referred to as the weight charge);
  - 2. the point in time of landing or take- off (hereinafter referred to as the charge for early/late opening);
  - 3. the noise caused by the aircraft.
- When calculating the weight charge referred to in paragraph 1, sub-paragraph 1 of this Article, a distinction is made between point-to-point flights and circular flights.

incl. VAT	€ 12.40	€ 24.81	€ 37.21	€ 49.61	€ 62.01	€ 74.42				

- The charge for early/late opening referred to in paragraph 1, sub-paragraph 2 of this Article, is for:
  - 1. each take-off and each landing that takes place outside the regular operating hours as stated in the AIP, per quarter hour or part thereof € 35.00 (€ 42.35 incl. VAT).
  - 2. earlier or later opening also refers to the time required for the crew to prepare or handle the flight with a minimum of 1 hour.

Use of the aerodrome, as referred to under 3.1 and 3.2 above, shall constitute a reservation which, for whatever reason, is not or cannot be used otherwise.

All times mentioned above under 1 and 2 shall be understood to be local times.

4 The following tariff applies for aircraft weighing more than 6,000 kg and less than 35,000 kg: For each landing a fixed amount of € 123.75 + € 12.38 per 1,000 kg or part thereof above 6,000 kg.

In addition, for aircraft with fire category RFF3, there is a standard fee of € 110.00 (excl. VAT) per take-off or per landing, within 2 hours.

For fire category RFF4 and higher, the rate applied is € 75.00 (excl. VAT) per hour per firefighter, with a minimum of 3 hours, per take-off or landing. Changes or cancellation within 24 hours prior to the scheduled landing and/or departure will be charged.

The following tariff applies for aircraft weighing <u>35,000 kg and above</u>:

For each landing, a fixed amount of € 123.75 + € 11.00 per 1,000 kg or part thereof above 6,000 kg.

For RFF4 and higher, the charge is € 75.00 (excl. VAT) per hour per firefighter, with a minimum of 3 hours, per take-off or landing.

## Article 6 Take-off Fee for Motor Tow Plane in Combination with Glider

- 1 Contrary to the provisions of Article 5, the fee for a powered tow plane weighing up to 1,500kg that takes off with a glider is € 10.25 (€ 12.40 incl. VAT) per take-off.
- The take-off fee mentioned above under 1 shall be increased by 100% if the weight of the aircraft exceeds 1,500kg.

### Article 7 Surcharges and Discounts

- In addition to the fees referred to in Article 5, a surcharge of € 20.00 (€ 24.20 incl. VAT) will be applied for each aircraft take-off and each aircraft landing for flights for advertising purposes using a trawl (banner towing).
- In addition to the fees referred to in Article 5, a surcharge of € 32.25 (€ 39.02 incl. VAT) for the use of lighting will be applied for each landing or take-off.
- In addition to the fees referred to in Article 5, in the months of April up to and including September a surcharge of € 6.86 (€ 8.30 incl. VAT) will be applied per quarter hour or part thereof for each landing that takes place after 8:00 p.m. or before 8:00 a.m. local time.
- In addition to the compensatory fees listed in Article 5, in the months of April up to and including September a surcharge of € 6.86 (€ 8.30 incl. VAT) will be applied per landing that takes place on a Saturday, a Sunday or on a public holiday.
- In addition to the fees referred to in Article 5, a surcharge will be applied or a discount granted based on the noise produced by the aircraft, as evidenced by a so-called 'noise statement' or any notice understood by the operator to constitute such.

#### Article 8 Parking Fees

For parking an aircraft at the aerodrome (for up to a maximum of 1 week), parking fees are charged per day or part thereof, in accordance with the following:

Parking fee per aircraft

- > 6000 kg € 75,00 (€ 90,75 incl. VAT) + € 2,00 per 1000 kg of

gedeelte hiervan boven 6.000 kg

The parking fee for a mounted glider or a glider in a trailer per day or part thereof is € 9.00 (€ 10.89 incl. VAT).

- 3. There will be no charge for parking as referred to in paragraphs 1 and 2 of this Article if the aircraft is parked for a period shorter than six hours subsequent to landing.
- 4. If an aircraft is parked exclusively on the land owned by the owner or user of the aircraft, or for which the operator has entered into a lease or leasehold agreement with the owner or user, there will be no charge for parking unless otherwise provided in that agreement.

### Article 9 Fee for Launching a Free Balloon

For the launching of a manned balloon from the aerodrome, there will be a fee per launch of €100.00 (€ 121.00 incl. VAT).

#### Article 10 Fee for Hovering with a Helicopter

Hovering with a helicopter per half hour or part thereof € 35.00 (€ 42.35 incl. VAT).

#### Article 11 Passenger Surcharge

For passengers departing on scheduled or unscheduled commercial flights, a fee is applied per passenger of € 15.00 (€ 18.15 incl. VAT).

The fee is not due for crew members and passengers less than two years of age.

This fee is payable and due by the owner of the aircraft and will not be collected from the individual passengers.

# Article 12 Air Passenger Tax

Under the [Dutch] Air Passenger Tax Act, for aircraft with an authorized maximum take-off weight of more than 8,616 kilograms, with the exception of aircraft used by the Dutch or allied armed forces, Twente Airport must apply a charge per passenger of € 26.43 (€ 31.98 incl. VAT).

A passenger shall hereby be considered to be any natural person of 2 years of age or older who is transported with an aircraft other than as a member of the crew.

#### Article 13 Landing of Parachutists at Twente Airport

For the landing of an individual parachutist within the perimeter of Twente Airport, there is a fee of € 6.00 (€ 7.26 incl. VAT).

## Article 14 Gliding Charges

In accordance with the applicable contract with the Twente Gliding Club [Twentsche Zweefvlieg Club].

#### Article 15 Other Provisions Regarding the Levying of Charges

- 1. For application of the charges listed in Article 5 under 2, a feint landing / goaround / overshoot shall constitute a landing.
- 2. For application of the charges listed in Articles 5, 7 and 8, aircraft also includes rotorcraft.
- 3. If, due to bad weather conditions, engine trouble, or any other unforeseen causes, after having taken off from the aerodrome an aircraft returns without having landed at another aerodrome, no

charges as referred to in Articles 5, 6 and 7 will be levied.

- 4. If a helicopter takes off at low altitude in order to move that helicopter to stay and park it at the aerodrome, this shall not be considered as a circular flight.
- 5. The rates indicated above are exclusive of any turnover tax (VAT) due.

# Article 16 Collection of Fees and Charges

- 1. All fees and charges due under these regulations shall be collected by or on behalf of the Director of the aerodrome, who shall account for them in the manner determined by the operator.
- 2. Except in cases of force majeure, there will be no refund of any fees or charges if that which was paid for is not or not fully used.

# Article 17 Effective Date

These regulations will come into effect on 1 January 2023.

Thus established on 30 October 2022 at Twente Airport.
